State Library of Connecticut;

Hartford, Conn., May 17th 1859.

My Dear Sir,

I have sent by Express to your address a parcel containing some numbers of the Archives du Muséum d'histoire naturelle presented to Yale College through M. Vattermare in the name of the Professors & Curators of the Muséum of Natural History.

In M. Vattermare's letter to me, he says that in 1855, he placed in the hands of Mr Gilman, Vols. 4, 5 & 6 of the Travaux de la Commission française at the Universal Exposition of 1851, the only volumes then published, that since that time he has received the continuation of that work, but ignorant whether Mr Gilman presented the former volumes to the State Library or to the Library of Yale College he waits for information before transmitting the remainder.

Very truly your friend
Charles J. Hoadley

P.S. Is there in the College Lib^y. a copy of Lamartine's Cours Familier de Littérature?

State Library of Connecticut;

Hartford, Conn., May 24th 1859-

My dear Sir

By Dr. Bronson I send you for the College Library a copy of Lamartine's Cours familier, etc. which M. Vattermare wished to be thus disposed of provided you had not already a copy — There being also in the box recently received from him four copies of the account of the Emperor's visit to Cherbourg one is forwarded in the same parcel —

I presumed that you regarded the Travaux de la Com. Fr. as a personal gift to yourself, and sent you the extract from M. Vattermare's letter not at all as claiming that the books belonged here, but simply because he so wrote. Doubtless the books are not of the highest importance — we have quite a number upon subjects connected with the Expos. Un. of 1855 —

There has, I believe, been no notice or review of the 2^d Vol. of N. Haven Record in the New Englander, I am not personally acquainted with Mr Kingsley — but would consider it a favor

if, at some convenient time, you would suggest the
matter to him, and if he will call on my agent in
New Haven. Mr L.W. Fitch, he will give Mr K. a copy
for that purpose — for which I have enclosed an order —
— But do not give yourself any trouble about it —

Very truly yours

Charles J. Hooley

P.S. as Dr B. forgot to call the other day I
delayed sending this note

State Library of Connecticut;

Hartford, March 14th 1860.

My Dear Sir,

I thank you in behalf of this Library, that of Trin. Coll. and individually, for the beautifully printed copies of your address at Norwich, in September last.

The receipt of the volumes of "Travaux de la Commission française" is also acknowledged —

It is not probable that we shall be sending to Paris before July, but I shall be happy to take charge of any thing you may wish to enclose (at any time) in our annual packages.

In Godbolt's Reports, p 281, I have met with a brief case relating to the English Norwich, which may amuse you — It appears that within Norwich there was a custom that two men of the said place should be chosen yearly to make a feast for the Bailiffs, and upon refusal to do it that they should be fined and imprisoned — the court held the custom good —

Yours very truly

Charles J. Hoady.

Dear Sir:

The eight volumes of Traveaux de la commission française, which I sometime since shewed you as intending to forward your College Library with the remaining volumes of the series when received, I shall have to retain, at least for the present. Mr. Vattumare wrote me in March last that he had forwarded to this library a case of Echanges in which was a second copy of the work alluded to, and suggested that the duplicate should be deposited with you - but the books have not yet come to hand, whether because captured by privateers or destroyed by fire, as those were which I forwarded him by the Wm. Tell last month, I have not learned - If they arrive, however, you shall receive them, meantime I remain,

Yours very truly
Charles J. Hoadly.

My dear Sir,

I have sent by Express addressed to the College Library Jones 1st (3 parties) 3 (3 parties) 4, 5, 6, 7, 8. of the Travaux de la Commission Francaise, Exposition de 1851. received this day from Mr Vattenare, who suggests that you "will perhaps have the kindness to write a few lines of acknowledgment." The 2^d vol Mr. V, states is not yet completed.

Cannot we obtain some relic of Major Whittrop for the Conn. Historical Society? It seems as though there should be a memorial there of all the brave sons of the State who lose their lives for their country,

Yours very truly,
C. J. Hoadly.

Dear Sir;

The parcel sent by
you has reached me, and the books distributed
as therein directed. The State has no
copies of the New Haven Records, but
you may procure a set from Mr Fitch,
who has two or three left, and present to
the sons of Housatonic in my name

Yours truly

Harford Oct 28. 1862.

My Dear Sir:

I never had much correspondence with Mr. Herrick in regard to the Records, and think that the letter, of which a copy is inclosed, is all. Our conference was oral - During a part of the time I was engaged on the Records Mr. White and Mr. Smith of Guilford were in Harford in attendance upon a law suit, so that I had opportunity to ask them for any information of which I stood in need.

I do not remember to have had any ^{other} letters from Mr. Herrick except acknowledgments or short notes on business - but will look over my files and communicate anything I may find of interest.

Very truly yours

Charles J. Hoadly.

Daniel C. Gilman Esq,
Librarian Yale College.

My dear Sir:

I have looked over the Acts of Congress which we have in duplicate, and find that I can make you up a set from the 2^d Session of the 6th Congress, 1800-1801, down to the present time with the exception of fifteen sessions, as by the enclosed memorandum may appear, in which the numbers wanting are marked in red. Are they worth the express charges to you?

There are also some duplicate Acts of Congress in the State House at New Haven, among which there may possibly be some ^{which will supply} deficiencies in the set I have made up. Mr. Trumbull will let you look them over and take such as are needed.

Yours truly,
Charles J. Hoadly.

I keep a copy of the memorandum, and may succeed in finding more acts.

State Library of Connecticut;

Hartford, August 3^d 1863.

My dear Sir:

I send you by Express this morning a parcel containing Acts of Congress from the 2^d session of the 6th Congress, 1800-01, to the 3^d session of the 37th Congress 1862-3, inclusive, except

$\frac{1}{8}$, $\frac{2}{8}$, $\frac{1}{9}$, $\frac{2}{10}$, $\frac{2}{11}$, $\frac{1}{12}$, $\frac{2}{12}$, $\frac{1}{18}$, $\frac{2}{18}$, $\frac{1}{19}$, $\frac{2}{19}$, $\frac{1}{20}$, $\frac{1}{21}$, $\frac{2}{29}$ ^{not found}

they are complete from $\frac{2}{22}$ (1832-3), to the present time wanting only $\frac{1}{29}$ (1845-6). You will notice that the list varies somewhat from that in mine of July 29. - on examination I found that some were wanting to complete our own set, but I discovered some others which I did not then suppose we could send you, and the number of deficient acts is about the same in both lists.

The set in this library wants all before the 3^d session of the 5th Congress (1798-9) and $\frac{1}{6}$, $\frac{5}{9}$, $\frac{2}{11}$, $\frac{1}{29}$, $\frac{1}{2}$, $\frac{1}{3}$, $\frac{2}{5}$

The Connecticut Historical Society also desires to complete a set, and I want a few numbers for another purpose -

The inclosed memorandum shews all that are wanting, including those needed by the State and by Yale College - You could take it with you into the State House, and as you find any, draw a pencil

mark through the figure. You will find some Acts in the cupboard on your right as you enter, and a partial set I think on the side by the window,

After you have found as many of those on the memorandum as you can, reserve first such as the State wants, second such as Yale College wants, and the rest (with those you reserve for the State) please send me by express. — Of course I don't want all the Acts which are in the State House, but only such as are indicated on the memorandum —

You will also please inform me what deficiencies in your series you may supply — I may be able to find others in some corner here or in the Historical Society and will do what I can for you.

A copy of the Public Acts of last May session is included with the parcel sent you —

Yours very truly,

Charles J. Hoadly,

Daniel C. Gilman Esq

New Haven

Can you send me a copy of your recently published catalogue of coins?

P.S. If you find a second set before $\frac{2}{6}$, keep it for the College — if triplicates of any such, please send them me.

My dear Sir

I have just rec^d. the
packages sent through Mr Dumbell.

It would give me great pleasure
to supply you with the indices you
want but we never have any sent
us - about 140 copies of each pamphlet
are sent - the index I suspect is not
printed so that it would be of much
use for them since the paging is
changed when a volume of the
Statutes is completed -

Will you do me the favor at
some time when passing your town
clerk's office to look for the date of

Death of Major Moses Mansfield
about 1702-4.?

I see that the Lib. of Trin. Coll.
is put down as one to which the
Dublin Quarterly Journal is sent -
but no copy has been rec^d there -
Do you get your copy?
