My dear Sir

I have pleasure in
handing you herewith photo's of
Jaspt Hvy Shuckn - two reasons
have prevented my sending it
before - the photographer said
that the weather had been un-
favorable & Mr Shuckn had
previously ordered a considerable
number which had to be sent
before they could execute other
orders. - one not so good could
have been obtained before but I
preferred waiting till this was
ready. I look back with
much pleasure to my visit to
Arminia and not the least the
time spent at Baltimore; the

whole town has opened up a new world with all its varied interests & I discern daily how much more I want to know about the country & people. one thing impressed me perhaps more than anything else viz the extreme kindness of those I met & could only have your share fully I had formed many friendships which would last whether we ever met again or not.

A few days ago I was calling on Mrs Cadbury upon Mr R. W. Dall and in the course of conversation he asked whether I had met you and when I told him, not only that I met you, but, that yourself & Mrs Gilman were coming to pay us a visit this year, he was

very pleased & said that we must be sure not to lose them when you came as they wanted to visit you again.

After all I was obliged to give up Boston which I greatly regretted but I found it impossible to accomplish all I wanted to do but I hope at some future time to be able to visit Ann Arbor again which will give me the opportunity of visiting some of the things I missed.

I think you asked me to endeavor to make enquiries respecting the members of the Laborer Army drinking hot water only, at night when needed - I have not been able to learn directly more about it but am satisfied that what

I said was correct...

With kind regards to
Mrs. Lillman & yourself
Love

Yours truly

Joel Corbrey

P.S. Would you kindly let
us know a few weeks before
you expect to come to D.C. so
that we may arrange to be at
home

Dear Mr. Litman

Yours of today is
dust to hand - we are glad
to hear of your safe arrival
and hope we shall be able
to arrange at time for
you to visit us - I will
just tell you how we are
situated & then see if
you can arrange to come
or whether we must look
for that pleasure at a
later stage of your visit
to this country. - In those

first place our daughter
is expected on Sunday with
us to visit our aunt of
ours at Lantun and as
we hope you will be able
to bring your two daughters
will you we should like
her to be at home at the
time you are here - then
we are expected (Mrs C &
myself) to go into Scotland
at the end of next week.
for about a fortnight so
we wondered whether you
could come on to Edinburgh
next Sunday afternoon & remain
with us till Monday morning
it is only three hours
run from London & the

therein so ~~very~~ frequently
of that time will not
suit you I fear we must
wait till after you have
been to Manchester but
we hope that the end of
this week will suit you.

With kind regards

I am

Yours truly

Joel Cadbury.

Dear Sir. Apr 15/83

I am very sorry
we have missed you
altogether, & can only hope
that at some future time
we may have the pleasure
of seeing you.

It would give me
great pleasure to visit
Bathurst & renew acquaintance
there but I see no probability
of it for some time to come
I am afraid.

I hope you have come
in for some fine weather

in our uncertain climate
and that you have
enjoyed your trip.

With kind regards
to what Mrs. Cullery
wrote I am

Yours truly

John Cullery

of Pullman.

P.S. Please remind me
of Mr. Luman & Mr. S. King
in your return letter!
