President D. C. Gilman,

John Hopkins University,

McCoy Hall, Baltimore, Md.

Dear Sir: -

On the 7th inst., our Mr. Wm. L. Marks called upon you at the suggestion of Dr. Hurd. He showed you a circular printed and circulated by the Winkley Artificial Limb Co., in which they claim to have received the first premium and highest award on seven points of superiority by the Jury of Awards at the Atlanta Exposition, 1895. You expressed some indignation at the unwarranted and unjustified claims of the Winkley house and wished Mr. Marks to send you a copy of the circular as soon as possible. In fulfilment of that promise, a copy of the circular is herewith sent you.

*matter for the
attention of Dr. Hurd
in connection with it*

Respectfully yours,

A. A. Marks
